

Roundtable Campsite of the Month

B.P. had his favorite home in the woods. You know we've all got that favorite camping spot! The one with that great lake with trophy size fish and the boys can wait to go back every year, the one where the vistas are grand and the wildlife is abundant. The trail is just difficult enough to challenge the tenderfoot and the Eagle. Let us know about it.

Each month at Roundtable, we will feature a different Campsite, but you have to let us know about it. Just fill out the

info below and drop it in the "inbox" at next months Roundtable and we'll take it from there. Or email to: mcherches@comcast.net or: GRCallin@GAPAC.com
